See what the horseworld is saying...

Wisconsin Good Morning,

Just had to write a quick note and tell you how much I have enjoyed seeing all of the beautiful photographs of your horses. Black Forest is truly magnificent. A judge once told me that the stallion who possesses the "look of an eagle" (you just can't take your eyes off of him) is truly rare. It looks like your eagle is soaring. Your web site is an "art work" in itself. Your designer did a fabulous job for you to showcase your animals. The best good wishes for your continued success!!
